## Order of Authors Agreement

- Each author should fill in their details below, in the order that they will appear in the published report. Please include the author's title (for example, Professor)
- Each author must sign the form next to their name and signatures must be original. We will accept multiple copies of this form signed by different authors providing they have signed in the correct position.
- All authors should be registered on the [NETSCC Management Information System \(MIS\)](#) and their details should be up to date.
- Please supply an ORCID iD for each author and ensure these have been added to their contact details on the [MIS](#). An ORCID iD can be obtained from <https://orcid.org/register>.
- Please upload the completed form on to the [MIS](#) when submitting your report.

### Authorship

An author is someone who has been involved in the conception and design of the study, or the analysis and interpretation of the data, and drafting or revising the report, and final approval of the version to be published. Please confirm that all the authors satisfy all the criteria before completing the list below. For further information, please see the [Authorship](#) section (p.27) of the [Information for authors](#) guide.

NETSCC complies with the requirements of the Data Protection Act 1998 and is committed to upholding the data protection principles. The Department of Health, National Institute for Health Research (DH NIHR) is the Data Controller under the Data Protection Act 1998 ('the Act'). Under the Data Protection Act, we have a legal duty to protect any information we collect from you. You should be aware that information given to us might be shared with other DH NIHR bodies for the purposes of statistical analysis and other DH NIHR research management purposes. NETSCC also reserves the right to share, in confidence, details of your application with other approved research funding organisations outside NIHR in order to coordinate research activity in the UK. Applicants may be assured that DH NIHR is committed to protecting privacy and to processing all personal information in a manner that meets the requirements of the Act.

#### Maintenance of data

You are responsible for maintaining your personal information, including contact details, on the system.

#### Use of data

NETSCC uses personal data submitted by MIS users for purposes associated with the application and award processes for research funding.

Personal data may be used in relation to:

- the registration of your application;
- the operation of grants processing and management information systems;
- the acquisition of UK and/or international peer reviewer comments on proposals and reports;
- the preparation of material for use by reviewers, experts, referees and review panels;
- your review of proposals and reports;
- your response to reviewer comments (if you are an applicant);
- payments made to your Higher Education Institution;
- statistical analysis in relation to the evaluation of research (research on research);
- email alerts and bulletins

Information collected from you will not be passed to any third party outside the NIHR except specifically as detailed above without your consent except where we are under a statutory obligation or entitled to do so by law.

#### Disclosure of data

NETSCC will make the project costs and details of all contracts awarded available on its website. We may also publish material and information about successful applications from the MIS (excluding user information) on our website or in printed form. Details of the NETSCC publications scheme are available from our (<http://www.nets.nihr.ac.uk/freedom-of-information>).

You further agree to the transfer of your personal data outside the European Economic Area for the purposes stated above.

#### Access to data

You have the right to ask for a copy of the data that we hold about you and to have any inaccuracies corrected. You should contact your Programme Manager for this information.
